## **Kelli Berry's Fantastic Work**

April 1, 2009

Kelli Berry of Kelli Berry & Associates not only donated her interior design talent to make our new Family Resource Center building a lively, family-friendly environment, but also donated more of her time and talent designing our remodeled shelter, making it welcoming and comfortable for our children. She is a huge advocate of the Center's work and is always finding ways to assist us, whether it is by donating her time, services, paintings or financial support. Kelli's passion for our mission makes her incredibly valuable to the Center.
